### **Report of PCC Secretary to Annual Parochial Church Meeting 2012**

In the last year the PCC has met on 5 occasions and the Standing Committee has also met on 5 occasions.

Attendance at PCC meetings has been very good.

Standing Committee attendance has been virtually 100%.

Discussion at both PCC and Standing Committee encompassed a wide range of topics but the state of the Church finances and the level of giving required to meet all its needs, the degree of charitable giving deemed appropriate, and worship continued to be the dominant subjects at all meetings. The church organ working group reported its recommendations to the PCC last month.

Health and safety, child protection and vulnerable adults also featured on all the agendas, reflecting the continued importance to the Church of these issues.
