

# Centre Rendezvous

*7 months on – we like it so far*

‘Happy place, brilliant food’. One of Centre Rendezvous’ young clients from Beacroft School sums up what many young people are feeling about the hot new pop-up lunch time event in Colehill.

‘A highlight of our week’, ‘Has improved our social lives’ and ‘Lovely home made food and very friendly atmosphere’ are other comments.

Centre Rendezvous continues to go from strength to strength since its July launch with many regulars, new faces and an ever expanding menu. Home made quiche is now on offer alongside our soups, jacket potatoes and a variety of home made cakes.

It’s proving quite difficult all that food on and several sets of knees under the card tables currently being used so the Church Centre are planning to replaced them with bigger tables for a more comfortable experience and we are planning to make a contribution towards these tables. We are also planning to make a contribution to the improvements being made to the area outside of the Church Centre Hall, which will among other things facilitate clients to enjoy ‘al fresco’ dining.

POPPS supports Centre Rendezvous. Dorset Partnership for Older People Project is one of our sponsors. Their vision is to encourage: ‘supportive communities that enable older people to remain living in their own homes for as long as they wish’. They offer help and advice for social and community needs to the fifty-plus age group by working through a network of local contacts called Wayfarers. Their involvement in local communities means that they have lots of contacts, and can help in all sorts of ways. If you think they might be able to help you, please ask one of the Centre Rendezvous staff for further details or contact Jill Beech our local Wayfarer.
